Clint, Meg, Dandy

C
Know where I got to? Freaking Old Age! Team of doctors
checking me out, asshole to appetite.

M
Just need ask us!

D
You can't die just after I humiliated you at golf.

M
That's a boy thing! Females know humiliation day to day.

C
When I strip in the little room, Candy Stripers peek and giggle!

M
That's what they do. What you did once.
.
C
Suddenly a fire alarm! A few of us in the parking lot then, with the nighties
they give you? Bare ass hanging out the back. Trucks rumble by and truckers jeer!

M
Who can blame them? Keep your absurdly hairy ass home!

C
I'm trying, but the medical establishment insists.
